

IUPAC
31st International Symposium on the Chemistry of Natural Products
11th International Congress on Biodiversity
15th-19th October 2023, Napoli - ITALY

Supported by

Dear Sir/Madam,

We are pleased to inform the scientific community that, after three years postponement due to COVID19 pandemic, the IUPAC 31st *International Symposium on the Chemistry of Natural Products* and 11th *International Congress on Biodiversity* will be held in Napoli (Italy) on October 15th -19th 2023. These joined conferences are usually organized every two years with endorsement of International Union of Pure and Applied Chemistry (IUPAC).

The scope of the conference, for which we expect about 400 participants, is to attract scientists from all over the world that are actively involved in different area of the chemistry of natural products and in biodiversity science.

Although in existence since time immemorial, natural product chemistry and biology are still dynamic and attractive fields of research with a lot of challenges still to be met, goals to be reached, and developments to be made.

The leading themes of this 2023 congress, aimed to highlight advancements, innovations, applications and future perspectives in these areas of research, will be focused on:

- bioactive natural products and drug discovery
- role of natural products in cosmetic formulations
- food and food supplements
- innovative and eco-friendly materials
- biodiversity and chemical ecology
- new methodologies in natural products research.

They encompass growing and highly stimulating areas of research and are optimally suited to bring to focus and discuss the most efficient strategies and the main targets currently pursued in the fields of life sciences and the new challenges at the frontiers of advancing technologies.

For further information, please visit the web site <https://www.iscnp31-icob11.org/>

The Symposium scientific programme will develop over five working days and will consist of invited plenary and keynote lectures delivered by world-class experts (from both academia and industry), workshops, oral and poster contributions. So that emerging concepts and technologies can be addressed and extensively discussed both formally and informally during the meeting. The unique blend of scientific excellence and informal atmosphere that marks the IUPAC Symposium, coupled with the beauty of the venue (seafront of Naples, watching the bay, Castel dell'Ovo and Capri Island), provides the best conditions possible for a full immersion of all the participants in an exciting and stimulating event.

It goes without saying that the increasingly high costs required for the organization of such a high-level event is a challenging task for the organizers, who count traditionally on the generous support of scientific institutions and private companies.

Institutional support and economic contributions will be provided by the co-organizing institutions: Universities of Napoli and Salerno, Consiglio Nazionale delle Ricerche and Stazione Zoologica Anton Dohrn.

A generous contribution by your Company will help us maintain the high standards set by the previous editions and, especially, will allow us to keep inscription fees for young scientists as low as possible. Of course, any support will be duly recognized on the web site of the Symposium and on any other official document, as appropriate.

Exhibition space will be available in the conference venue, as described in “Sponsorship Packages”. Interested companies will be able to get in touch with the participants and present their products and their technologies. Possible sponsorship packages are listed in the following page. Any other kind of support can be discussed in person by contacting Prof. Raffaele Riccio (chair of the Scientific & Organizing Committee).

We hope that among the different listed offers you may find that of interest to your company and you will not want to miss the chance to present your company in a highly qualified scientific context and rich of potential customers.

Do not hesitate to contact us for further information or proposals (Prof. Raffaele Riccio, mobile: +39 3335690441; e-mail: riccio@unisa.it; raffaele.riccio@soc.chim.it)

We look forward to seeing you next October in Napoli.

Warm regards,

Prof. Raffaele Riccio
Emeritus
Università degli Studi di Salerno
Symposium Chair

SPONSOR PACKAGES

Company logos of all sponsors will be inserted in printed and digital conference materials (e.g. program and conference book in pdf electronic form) and in the conference website, where links to company web site can be also added.

PLATINUM SPONSOR 6.000 € support or more

- Exhibition space at a central position (incl. table, chairs, electricity) – 2 positions available;
- Up to two waived registration fees;
- Insertion of one full page advertisement in the conference book of abstracts in pdf electronic form (pdf file of advertisement provided by the company);
- Up to two bag inserts provided by the company (company brochures or catalog with a max size A4);
- Acknowledgment of platinum status (main Sponsor) and highlighted logo on advertisements and billboards at the entrance of the venue and in the main presentation hall;

Platinum sponsors may propose a company scientific presentation of max 20 min in one of the thematic sessions. Please, note that availability is limited, and that final selection will be made by the organizers.

GOLD SPONSOR 5.000€

- Exhibition space at a central position (incl. tables, chairs, electricity) - 2 positions available;
- One waived registration fee and up to one additional registration fees at 25% discount rate;
- Insertion of one full page advertisement in the conference book of abstracts in pdf electronic form (pdf file of advertisement provided by the company);
- One bag insert provided by the company (with max four pages size A4);
- Acknowledgment of gold status and logo on the signs within the venue;

Gold sponsors may propose a company oral presentation of max 15 min in one of the thematic sessions. Please, note that availability is limited, and that final selection will be made by the organizers.

SILVER SPONSOR 4.000€ support or more

- Exhibition space (incl. tables, chairs, electricity) - 2 positions available;
- One registration fee at 25% discount rate (additional registration fees at regular rate);
- One bag insert provided by the company (with max four pages size of A4);

BRONZE SPONSOR 3.000€ support or more

- Exhibition space light (incl. tables, chairs);
- One registration fee at 25% discount rate (additional registration fees at regular rate);

SUPPORTER 2.000€ support or more

- One bag insert (with a max size A4 and two pages provided by the company) or company brochures/documentation over open distribution desk;
- Note: Exhibition space is not provided; registration fees, if required, at regular rate

Note: Registration is required for all people accessing conference venue

Of course, we are ready to fulfill special needs and requests and further support opportunities may be discussed with organization staff.
