

**31<sup>st</sup> International Symposium on the Chemistry of Natural Products**  
**11<sup>th</sup> International Congress on Biodiversity**  
**15<sup>th</sup>-19<sup>th</sup> October 2023, Napoli - ITALY**

Dear Sir / Madame ,

We are pleased to inform you that the 31<sup>st</sup> *International Symposium on the Chemistry of Natural Products* and the 11<sup>th</sup> *International Congress on Biodiversity* will be held in Napoli (Italy) on October 15<sup>th</sup> - 19<sup>th</sup>, 2023. These joined conferences are organized every two years with endorsement of International Union of Pure and Applied Chemistry (IUPAC).

The scope of the conference, for which we expect about 500 participants, is to attract scientists from all over the world that are actively involved in the chemistry of natural products and in biodiversity science. Although in existence since time immemorial, natural product chemistry and biology are still dynamic and attractive fields of research with a lot of challenges still to be met, goals to be reached, and developments to be made.

The leading themes of this 2023 congress, aimed to highlight advancements, innovations, applications and future perspectives in these areas of research, will be focused on:

- Bioactive Natural Products and Drug Discovery
- Role of Natural Products in Cosmetic Formulations
- Food and Food Supplements
- Innovative and Eco-Friendly Materials
- Biodiversity and Chemical Ecology
- New Methodologies in Natural Products Research

They encompass growing and highly stimulating areas of research and are optimally suited to bring to focus and discuss the most efficient strategies and the main targets currently pursued in the fields of life sciences and the new challenges at the frontiers of advancing technologies.

For further information, please visit the web site <https://www.iscnp31-icob11.org/index.php>

The Symposium scientific programme will develop over five working days and will consist of invited plenary and keynote lectures delivered by world-class experts (from both academia and industry), workshops, oral and poster contributions. So that emerging concepts and technologies can be addressed and extensively discussed both formally and informally during the meeting. The unique blend of scientific excellence and informal atmosphere that marks the IUPAC Symposium, coupled with the beauty of the venue (seafront of Naples, watching the bay and Capri island), provide the best conditions possible for a full immersion of all the participants in an exciting and stimulating event.

It goes without saying that the increasingly high costs required for the organization of such a high-level event is a challenging task for the organizers, who count traditionally on the generous support of scientific institutions and private companies. A generous contribution by your Company will help us maintain the high standards set by the previous editions and, especially, will allow us to keep inscription fees for young scientists as low as possible. Of course, any support will be duly recognized on the web site of the Symposium and on any other official document, as appropriate.

In the conference venue ample exhibition space will be guaranteed and interested companies can easily get in touch with the participants and present their products and their technologies. Some types of possible sponsorships are listed in the following pages. Any other kind of support can be discussed in person by contacting Prof. Raffaele Riccio (chair of the Scientific & Organizing Committee).

We hope that among the different listed offers you may find that of interest to your company and you will not want to miss the chance to present your company in a highly qualified scientific context and rich potential customers.

Do not hesitate to contact us for further information or proposals (Prof. Raffaele Riccio, e-mail: [riccio@unisa.it](mailto:riccio@unisa.it); [raffaele.riccio@soc.chim.it](mailto:raffaele.riccio@soc.chim.it))

We look forward to seeing you next October in Napoli.

Warm regards,

Prof. Raffaele Riccio  
Symposium Chair

## SPONSOR PACKAGES

Company logos will be inserted in printed and digital conference materials (e.g. program and conference book in pdf electronic form) and in the conference website, where links to company web site can be also added.

### **PLATINUM SPONSOR** € 6.000 support or more

- Exhibition space max at an exposed position (incl. table, chairs, electricity);
- Up to two waived congress fees comprehensive of coffee breaks, 3 light lunch breaks, and welcome cocktail (additional registration fees at 20% discount rate);
- Up to two complimentary closing party tickets (additional closing party tickets at regular price);
- Insertion of one full page advertisement in the conference book (in pdf electronic form, pdf file provided by the company);
- Two bag inserts (company brochures or catalog with a max size A4, provided by the company);
- Acknowledgment of platinum status (main Sponsor) and highlighted logo on advertisements and billboards at the entrance of the venue and in the main presentation hall.
- Free association to Società Chimica Italiana (SCI) as “Socio Collettivo Sostenitore” for the year 2024.

Platinum sponsors may propose a company oral presentation of max 15 min. Please, note that availability is limited, and that final selection will be made by organizers.

### **GOLD SPONSOR** € 5.000 support or more

- Exhibition space max (incl. tables, chairs, electricity);
- Up to two waived congress fees comprehensive of coffee breaks, 3 light lunch breaks, and welcome cocktail (additional registration fees at regular rate);
- Two bag inserts (each with max four pages size A4, provided by the company);
- Acknowledgment of gold status and logo on the signs within the venue;
- Free association to Società Chimica Italiana (SCI) as “Socio Collettivo” for the year 2024.

### **SILVER SPONSOR** € 4.000 support or more

- Exhibition space light (incl. tables, chairs, electricity)
- One waived congress fee comprehensive of coffee breaks, 3 light lunch breaks, and welcome cocktail (additional registration fees at regular rate);
- One bag insert (with max four pages size of A4, provided by the company)

### **BRONZE SPONSOR** € 3.000 support or more

- Exhibition space light (incl. tables, chairs, electricity);
- One waived congress fee comprehensive of coffee breaks, 3 light lunch breaks, and welcome cocktail (additional registration fees at regular rate);

### **SUPPORTER** € 1.500 support or more

- One bag insert (with a max size A4 and two pages provided by the company) or company brochures/documentation over open distribution desk;
- Note: Exhibition space is not provided; registration fees, if required, at regular rate

Of course, we are ready to fulfill special needs and requests and further support opportunities may be discussed with organization staff.
